

RE: FDA-Docket # 98N-1265

GREETINGS—

PLEASE add my voice to those
who oppose the DRAFT Memorandum
Being proposed by the FDA,
6760 99 MAY 25 A9:28
Especially the definition of "inordinate
amount" which restricts availability &
rights to get compounded medications
by limiting the number of Rx's
which can be shipped across state
lines from ~~authorized~~ compounding
pharmacies.

Don't Be pressurized BY mass-market
pharmacies! Healing is an individual
process - "NOT one size FITS all!"

PLS
Do not add name
to any
mail lists!

Regards,
